 THE CHURCH
OF ENGLAND

The cost of a wedding includes the statutory fees which are set by parliament and additional charges for services provided by the church.

Statutory Charges which you must pay:

Marriage Service

£ 455.00

The basic cost of the wedding including the services of the priest in helping you prepare for the service and married life.

This includes:

Publication of Banns of Marriage

The calling of 'Banns of Marriage' is a public declaration of your intention to marry, in the parish church where you live. It is the way most couples get permission to be married. This will not apply if you are being married by licence, in which case the priest will advise you.

If either of you live outside the parish of Cuddington, banns must also be called in your home parish church(es), and you will need a 'Banns Certificate' (costing a total of **£40.00** for each set of Banns called).

Marriage Certificate

One certificate issued at the time of the Marriage.
(Additional copies: £10.00)

Additional Services provided by the church:

Organ & Organist

£ 200.00

The organist's fee and a contribution towards maintenance of our historic organ. No additional charge is made for video recording the service, so long as the recording is not used commercially.

Flowers

£ 130.00

The church's flower arranging team will provide a pedestal arrangement, flowers around the pulpit, on the font and in the side chapel, and pew ends, using cream and white flowers.
(Alternatively, normal church flowers will be in place)

TOTAL COST:

£ 785.00

The Church of England increases statutory fees by approximately 3% per annum. If you are being married in the following year, this would apply. We will let you know any changes once decisions are made.

Payment is required at the latest one month before the wedding by BACS please:
